

3D Dentaire™ – keeping your practice at the forefront of modern dentistry.™

Press release June 1, 2010

3D Dentaire is pleased to announce it has formed a strategic partnership with the **International Dental Institute (IDI)** to create a continuing education program focused on digital restorative dentistry. The goal of the program will be to impart the specialised knowledge and skill needed by the dental team in order to benefit from the productivity and quality gains afforded by modern digital dentistry. The course matter will include various topics such as: understanding modern CAD/CAM ceramics, techniques for creating the optimal stump preparation for digital restorations, choosing the appropriate digital restoration for each different clinical situation, how to access digital restorations with traditional impressions, understanding and using digital impressing technology, how to transition your practice to digital dentistry, how to involve your staff in digital dentistry and more...

“After almost 25 years of development, digital restorative dentistry is finally living up to its promise of creating superior restorations while making dentistry easier and more enjoyable for both the patient and the practitioner”, says Steven Touchie, President of 3D Dentaire. “We are delighted to be partnering with **IDI** in order to help dentists transition successfully towards digital dentistry with quality education and training. IDI’s state-of-the-art facilities and experienced team will certainly afford dentists and their staff a quality learning experience that will directly improve their day to day practice, patient care and bottom line”.

“Our association with 3D Dentaire is an important step in our continuing efforts to bring the latest practical education to our customers” say Martin Lavallée, President of IDI. “We believe that digital dentistry will become mainstream in the coming years and as a private CE teaching institute, we eager to expand our curriculum to include this exciting field. With the support and expertise of 3D Dentaire our team looks forward to creating practical courses that will translate immediately into results for our customer’s and their patients”.

3D Dentaire and IDI plan to make the first digital dentistry courses available in 2011. For more information visit www.idi.org or contact Martin Lavallée at (450) 676-1281. For more information on 3D Dentaire visit www.3ddentaire.com or call Steven Touchie at (514) 907-6235.

About 3D Dentaire

3D Dentaire is a specialised digital dental laboratory dedicated to mastering the best digital restorative technologies for the benefit of its dentist customers and their patients. Powered with the latest in “open” digital scanning, design and fabrication technologies, 3D Dentaire delivers to dentists highly precise, robust and esthetically superior crowns, bridges and implant restorations. Connected to a growing web-based network of reputable outsource production specialists, 3D Dentaire is able to supply its customers with all the leading brands of digital restorations, fabricated on the most advanced industrial precision-milling systems available. The company also employs the latest in production management and communications software including its web based customer portal that gives its customers real-time updates on their accounts and cases 24/7.

3D Dentaire is located at 154 Oneida, Pointe-Claire, Québec, H9R 1A8. Phone (514) 907-6235

About International Dental Institute

International Dental Institute (IDI) is one of the largest private providers of CE dental education in North America. Founded over 27 years ago, IDI offers unequalled service to its customers through courses as well as clinical and organizational consultations in order to optimize the performance of each dentist and his/her team. IDI stands out

thanks to superior service, state-of-the-art equipment and classrooms that compliment its team of distinguished clinicians and expert consultants. Today IDI offers CE courses in general dentistry, orthodontics, implantology, periodontics and practice management.

IDI is now located in the prestigious Quartier Dix 30, 6000 Rome blvd. Suite 210, Brossard, Québec J4Y 0B6. Phone : (450) 676-1281 www.idi.org
